

Tracy Smith

Accounting Assistant

Tracy started working in the Ski Industry in 1989 when she was hired to work in the Food & Beverage Department as a bus person here at the Peaks.

Since then, she has tried everything from working as a cashier/food line server at Blue Mountain Resorts to Snowmaking, lifts and summer maintenance at Craigleith Ski Club, only to return to Georgian Peaks.

In 1996, she was hired to work with Jennifer Peprnik in the Accounting Department. Her duties here at the Club include accounts receivable, member billings, payroll and as Tracy says " anything else that needs to be done."

Tracy graduated from Georgian College in the Business Administration Program. After completion of the course, she returned to her home town - Heathcote. In fact she has not strayed far from where she grew up, actually just across the road where she lives with her husband Spencer and their children Riley and Jake.
